

# Thank You

*Dear Rosette,*

Thank you so much for being part of my life. I just want to appreciate you for all the love and support that you have given me throughout all the years that we've been together. You and our kids are my main source of happiness. You give me a lot of motivation to fix myself and be better. I'm sorry if I didn't take that motivation to fix my lifestyle. You've given me a lot of life advices without forcing me or without pressuring me.

It just felt so pure and genuine to have someone that really cares for you and your future. I will be forever grateful for all the things that you did for me. I hope that I never lose you. I hope it never ends.

Lots of love,  
Popo
