

I'm sorry

Dear Love,

I know that you are in so much pain and very disappointed with me. I would like to apologize for my bad decisions and for everything that I did. I regret every action that I've done that hurt you, I was out of line and didn't think before executing my actions.

I am sorry, my love. I never intended to hurt you. I know you are trying to act strong, but I can feel the disappointment in your heart, and it stings my heart knowing that I have hurt you. You can always approach me if you need assurance or if you need to rant. You have the right to tell me anything that you feel because I deserve it. I'm willing to everything to help you recover. I admit my reaction was very disrespectful and cannot be forgiven easily. I just want you to know that I will always be here for you no matter what. I love you and I don't want you to suffer because of me.. Please let me help you heal and I will accept any consequences.

I know you deserve better. Sorry I worked on improving myself very late. I cannot envision my life without you because there's no point in living a life without you. I miss you so much. Please be strong always and be extra careful. I love you

Sincerely,
Popo
